

9th

iCeMS International Symposium

Mesoscale Control and Engineering of Self-Organized and Excitable Systems in Biology and Chemistry

Dec.
2-3,
2010

Venue
iCeMS Complex 1,
Kyoto University

Participants:

E. Bodenshatz
Max Planck Institute for
Dynamics and Self-Organization

N. Bursac
Duke University

I. Epstein
Brandeis University

Y. Kuramoto
Kyoto University

K. Parker
Harvard University

A. Pertsov
SUNY Upstate Medical University

V. Sergeev
Moscow State University

K. Yoshikawa
Kyoto University
and other distinguished guests

Registration:
Not required, free of charge

Posters Due:
Nov. 10th

Contact:
Prof. Konstantin Agladze
E-mail: agladze-g@icems.kyoto-u.ac.jp
Phone: +81-(0)75-753-9835
+81-(0)75-753-9836 (secretary)
("0" not needed when calling from abroad)

Acknowledgement: this symposium is partly funded by the Kyoto University Foundation
