

Come have a chat with us ! The 17th iCeMS Café

When we memorize various things like something fun or scary, how do cells work dynamically in the brain?
Let's mark the cells and illuminate them to take a closer look into the workings of our "memory."

The Magical Workings of Our "Memory"

Sunday, August 23, 2015 / 14:00 - 15:30

Guest Speakers

Dan Ohtan Wang
(Kyoto Fellow of iCeMS, Kyoto University)
